Medevac Activation: Bethel to Anchorage

If patient is an inmate:
Physician must contact
the Department of
Corrections to determine
accepting facility and so
that arrangements can be
made for public safety.

Managing provider contacts
ANMC transfer center (see
below) to consult relevant
department.

Managing provider elicits patient preferences for medevac company and accepting facility.

 If no preference, suggest he/she register for <u>LifeMed insurance online</u>.

- ANMC physician accepts patient or authorizes transfer to alternate facility.
- If needed, managing provider arranges accepting physician at alternate facility (may be ED physician).

Managing provider arranges accepting physician at selected facility.
If patient is going to an ED, managing provider must arrange

accepting ED physician.

Note: Accepting Physician for Elmendorf must either be a Military or VA Physician.

Managing provider activates LifeMed and completes Patient Transport Order (PTO) and consent for transfer.

Managing provider activates selected medevac dispatch and completes Patient Transport Order (PTO) and consent for transfer.

Information to Have Prepared for Dispatch

- Patient's name, DOB, weight, and diagnosis.
- · Any drips or special equipment.
- Accepting provider and hospital.
- Escort's name and weight.

If desired hospital is full, consult the AK Hospital Status dashboard:

If indicated, managing provider notifies dispatch of need for neonatal team.

Patient in Bethel requires emergency transfer to higher level care.

Is patient a

beneficiary?

Medevac dispatch determines the availability of aircraft. If there will be a medically threatening delay, managing provider may request that dispatch explore other options, which may include other medevac companies.

Medevac dispatch may arrange consultation between managing provider and medevac medical control.

Managing provider notifies YKHC ED physician for centralized medical control and prioritization of medevacs.

Medevac dispatch notifies referring unit regarding ETA and/or delays.

Upon arrival in referring unit, medevac team assumes care. Managing provider may request consultation with medevac medical control physician.

- Copies of the PTO, consent for transfer, radiology studies, and patient chart accompany the patient.
- Consider faxing relevant information to receiving unit prior to arrival.
