

WIKI Provider Introduction

Here is a link to our Provider Orientation Website on the WIKI:

https://yk-health.org/wiki/Category:Overview_of_YKHC_Medical_Practices

Open the link and review the one-page site map. The site is large and can be overwhelming, but the sections of the WIKI that would be most useful for potential new hires are bulleted below. Take a look at the recommended links, but also feel free to click around on the webpage to look at anything else that may interest you. If you get lost, click the back button, or on the **YKHC logo** at the top left to return to the site map.

Interested in Working at YKHC?

Review the **INTRODUCTION** in the **GENERAL INFORMATION** section.

Interviewing and/or Site Visiting?

Review the **CLINICAL SERVICES, WORKFLOW AND RESOURCES** - specifically focusing on areas that are applicable to the job for which you are interviewing.

All potential providers may want to review the **CLINICAL RESOURCES** section which includes e.g.,

- Clinical Resource Book -YKHC (Guidelines)
- YKHC Pharmacy Formulary
- Common and Unique Medical Diagnoses
- Fun maps

New Hire?

Review **NEW HIRE ORIENTATION, CLINICAL SERVICES, WORKFLOW AND RESOURCES** and **CLINICAL RESOURCES** sections.

The screenshot shows the 'Guide to YKHC Medical Practices' page. The page is organized into several sections:
